Continue completing the Disability attributes with easy navigation from the keyboard. Implement arrow key inputs for incrementing/decrementing quantities	Pranav/Walker
Google Translate functionality and button for easy access	Ibrahim/Yaroub
Low-Vision Accessibility Features	Sammy/Yaroub
Finish Expert Panel Report	Everyone

## Minutes from Previous Meeting

- Server Page
  - Format the server page
  - Essentially copy over customer page
  - Remove menu cards with images
  - Develop checkout section for servers
  - Work on quick and efficient navigation for placing orders
  - Integrate permissions associated with usernames and passwords via the database so that when the server signs in, they are directed to the server page
- Website Demo
  - Assign parts for who will present what
  - Set up a day and time for when to the demo
- Product Backlog
  - Add more server page related tasks to the product backlog after receiving clarification that the server page has to be noticeably different from the customer page (which was our original plan)
